

Technical Data Sheet

PRC-2200 RED

Introduction

Organic pigment made without resin. Compatible to most water-based printing rubbers and pastes marketed.

Specification

- Ingredients: Organic color
- Appearance: Red
- Color Solid Content: $26 \pm 1\%$
- pH: 5-7
- Packing: 25, 30kg PE drum
- Storage: Store air-tight in ventilated area under 35°C, 12 months.

Using suggestion

- Add less than 15%, add too much will affect the physical properties.

Remarks

- Products are used for textile printing for water based only; must be stored air-tight after opening to prevent property changes.
- Customer is always recommended to perform test prior to bulk application.
- This TDS is meant as a reference, not a warrantee.
- After six to eight months of storage, please shake well before use. Sediment or oil-water separation is normal. It will not affect or change the quality.
